

2021 BAPS MOTOR SPEEDWAY RULES AND REGULATIONS

IF YOUR CAR IS NOT INSIDE THESE RULES, YOUR CAR WILL NOT RUN!

NO ALCOHOL OR INTOXICATED PEOPLE IN THE PITS!!!

ALL VEHICLES AND DEBRIS MUST BE REMOVED FROM THE EVENT LOCATION AFTER COMPLETION!

- 1) Any factory stock American or Imported auto or station wagon with a wheelbase over 105" is allowed. ! No Chrysler imperials! (Except 1974 & newer). No convertibles, 4wd vehicles, jeeps, trucks, limos, hearse, ambulances, or SUVs' permitted.
- 2) All glass, chrome moldings, rear seats, sun visors, rear view mirrors, carpet & headliners must be removed from the interior of the vehicle. All trash and loose pieces must be removed from the car. (AIR BAGS MUST BE REMOVED) Open Holes left in the firewall after stripping must be covered completely.
- 3) Drivers door protection is MANDATORY; padding is required if a inside safety cage is used
- 4) All glass, outside chrome and plastic trim including grills must be removed, all head and tail lights, side markers also the factory nose and tailpiece if fiberglass. Sunroofs must be covered with sheet metal. Everything must be removed prior to coming to the track! Windshield removal is optional, if removed it must be replaced with wire mesh and a center support from the roof to the cowl area. Max of 2 support bars may be used on the front or rear window openings; they may be no larger than 2" wide by ¼ inch thick and may go from the roof to the front cowl & rear speaker deck only.
- 5) No bumper or frame mounted hitches allowed.
- 6) All air conditioning systems must be drained, and rubber hoses removed prior to arrival at track.
- 7) FAN BLADES ARE NOT PERMITTED (HOWEVER Plastic blade electric fans may be used, using stock type mounting hardware or less.)
- 8) A working hydraulic operated brake system is mandatory. PINION BRAKES ARE ALLOWED
- 9) Stock gas tank must be removed and a 6 gal. Max. Metal or approved plastic marine tank will be permitted. An approved Tank must have a fuel line type fitting. (NO GAS CANS OR STOCK GAS TANKS ALLOWED) Fuel tank must be securely fastened in the area vacated by the rear seat, they must be chained, or metal strapped, fuel tank protection may be used it may be no wider than 24" and have no connections to the car frame or body! NJ events require a steel firewall over tank and all fuel lines be run outside of the driver's area, and that all fuel switches be visible and labeled within reach of the driver.
- 10) Battery must be securely fastened to the front passenger's floorboard. The battery must be in a secured metal frame or box and covered with a rubber mat.
Please use metal straps or chains to secure the battery. (! Absolutely no Wooden Boxes, bungee cords or ratchet straps!)
- 11) All doors must be fastened shut by a solid steel banding, chain, cable or welded (Outside Seams Only plating may be 3/16"x 3" maximum.) Chains or cables must be min. 1/4" and max. of 3/8". Rust repairs may be made within reason, however metal must be factory thickness or less with no more than a 1" overlap onto good sheet metal (rusted metal must be removed, and patch may be stitch welded only, not welded solid. (You Must Prove Rust Existed) Sheet metal tears on used cars may be repaired on doors only for safety reasons.
- 12) No reinforcements allowed to the car body or frame. (A 4 POINT SAFETY CAGE will be allowed within the drivers area it may not extend more than 6" past front or rear door seam on either end of driver's door, must be a 6"x 2"x 1/4" max steel channel or 6"x 1/4" flat stock passenger side protection must be on the inside of door only end at the door post) *A side to side hollow pipe may be placed behind the driver's seat and in place of the dash board if it is removed, they must be a (min. of 2" O.D. / max. of 4" O.D. with no larger than 6" by 6" plates welded on ends, they must be securely welded to the interior of car. Dash bars must be a minimum of 4" back from the firewall and 4" above the transmission Tunnel. Rear seat plates may be lengthened within reason to meet inner door posts.) NO CONNECTIONS OF ANY TYPE MAY BE MADE TO VEHICLE FRAME OR FLOOR! Pre bending of cars will be allowed within reason. No sub frame swaps, wedging of trunks or smash back wagons allowed, quarter panels must remain in the vertical position, PEENING OF BODY PANELS will be allowed. Also, a single halo bar will be allowed behind driver's seat, bar can be connected to side-to-side bar only not body or frame.
- 13) NO MODIFYING, SEAM WELDING or FILLING OF FRAMES ALLOWED (Only cold tilting will be permitted with no cutting, rewelding or plating of frames allowed) BODY PANELS (Fender and quarter panel openings may be bolted in 4 spots using 1/2" max bolts).
- 14) Vehicle body mounts must be factory or less, if factory mounts are removed no larger than a 1/2" bolt may be used along with 2 washers no larger than 3" square or round x 1/4" thick. (NO EXTRA MOUNTS!)(MAXIMUM SPACERS ALLOWED ON FRONT RADIATOR SUPPORT or TRUNK IS 4" AND SPACERS ARE NOT

ALLOWED TO BE WELDED TO THE VEHICLE FRAME!)

15) 2 Additional Roof chains may be used; they may go from the roof to vehicle floor or exterior sheet metal! (No solid connections to vehicle frame)

16) Hoods MUST BE OPEN for inspection; trunks must be visible and station wagon inner decks must be removed. All cars must have a complete hood; they must remain in their stock locations and use the factory mounting hinges or less. (No hood means you will not run).

17) Hood and trunk must be secured after inspection. (Max. of 6 places on hood & 6 places on trunk using a minimum 1/4" chain or cable, maximum 3/8" chain or cable. No "X"-ing of chains or cables on trunk or hood. If welded 6 locations (Maximum of 6" each weld. This rule includes the tailgates of station wagons.) Plates on hood and trunk can be no larger than 3" square or round by 1/4" thick. (No larger than 3/4-inch bolts or ready rod will be allowed to fasten the hood or trunk lid. We will be allowing ready rod to frame connections on the front radiator support in 2 locations to be used to secure hood.)

18) There MUST be a hole in the hood above the carburetor approx. 12" in diameter. All vehicles must have an air cleaner of some type on the engine, no open carburetors will be allowed. Exhaust may exit out of the bottom of the vehicle or through the hood. (If the exhaust exits out the hood steel fuel line must be used in the engine compartment and extend beyond the firewall, also the exhaust must extend 12" above the valve covers for safety reasons) Holes cut in the hood for carburetor and exhaust may be secured together with a total of 12 bolts no larger than 5/16".

19) Any engine and transmission may be used in any model, must be mounted within 4" of original engine position. (No gussets or extra plates may be added to cross-members or frame. Mounts may connect to transmission and stock type mounting locations only NO connections or contact will be permitted to strengthen frames, also no mid mounts or extra front mounts will be allowed) Engine cradles and pulley protector will be allowed with 1/2" max thickness. (NO distributor, carburetor or transmission protection allowed)

20) All cooling systems must be original equipment or less and must be located under the hood, looped systems will be limited to the area vacated by the radiator. Only water will be allowed in cooling systems, all antifreeze must be removed prior to coming to the track (Engine oil, and transmission coolers are allowed however they must be in a secured box and use steel lines and high-pressure fittings for all connections.)

21) Rear ends must be factory passenger car type only. You may use any type rear in any make of car; however they must be in stock position using stock mounting locations & hardware or less. Rears may be locked, welded and also gusseted or crossed braced using no larger than a single 2"x 3" x 1/4" hollow box tube or less. (NO LEAF OVER CONVERSIONS, SPECIALTY FABRICATED REARS or AXLE SAVERS WILL BE ALLOWED)

22) (Suspension must work) NO solid shocks or adding extra clamps or springs to suspension, no bump stop blocks or solid suspension will be allowed.

A) Coil springs may be tack welded or hose clamped to help keep them in place.

B) No welding, bolting or stacking of springs on leaf spring cars, springs must be of factory type and step down lengths for vehicle and show no major signs of modifications. (Maximum of no more than 7 leafs per side) If factory spring clamps are broken or missing they may be replaced with a maximum of 2 O.E.M , or fabricated clamps no more than approximately 2"x 5"x 3/16" thick using 3/8" bolts or less per side.(NO TRUCK SPRINGS ALLOWED)

C) If Air or Coil over shocks are used they must allow suspension to move.

D) Rears and front suspensions may be chained however suspension must have travel at least 1" up AND down. (Officials Discretion)

23) Steering systems may be altered to prevent bind up of steering shaft (Reinforcing of FACTORY steering components will be allowed within reason)

24) Bumpers must be mounted in stock location; if you choose to swap bumpers they must be 90s or newer front wheel drive car only (within 107 wheel base). (NO truck bumpers) Bumper mounting brackets and

Shock bumpers may be welded and bolted to the frame & bumper from radiator support forward only, no wrapping of frame horns or stuffing bumper shocks inside of frame. Bumpers may be no lower than 15" to the bottom of bumper and no higher than 26" to the bottom on the front or rear of vehicle. (NO adding

EXTRA BRACKETS, SOLID WELDING OF BUMPER SEAMS, BOXING OF FRAME, OR RELOCATING BUMPER SHOCKS)

(BUMPERS MUST BE CHAINED THROUGH THE BUMPER WITH 2 CHAINS 3/8" MAXIMUM SO THEY DON'T FALL OFF!)

BUMPER ENDS MUST BE OPEN AND VISIBLE TO SEE INSIDE

25) TIRES may be any ply rating on sidewalls! HOWEVER, NO SOLID, LIQUID FILLED, STUDDERED, OR PADDLE TYPE TIRES ALLOWED all wheel weights must be removed from inside and outside of wheels. Valve stem guards may be used.

(Official discretion on tires)

26) ALL CARS MUST HAVE A 18"X 18" SIGN WITH CAR NUMBERS CLEARLY PAINTED ON BOTH SIDES MOUNTED ON THE VEHICLE ROOF. DRIVERS DOOR MUST BE PAINTED FLUORESCENT ORANGE OR WHITE. (No questionable language will be allowed on cars)

27) All drivers are required to wear a SNELL OR DOT approved safety helmet with eye protection. (Full face helmets are required) Safety belts are required and MUST be worn until the heat is completed. (Factory installed shoulder straps are recommended.) Drivers must stay in their cars with their helmet & belts on until the event is over. All drivers MUST wear long sleeved shirts, long pants, appropriate closed toe shoes and gloves. !! NO SHORTS!! (FOR OUR 2021 EVENTS ALL DRIVERS MUST WEAR A COMMERCIALY PRODUCED RACING NECK RESTRAINT)

28) No deliberate head-on collisions or hitting on the driver's door. Doing so will result in immediate disqualification.

29) Any car which does not move or hit a "LIVE" car within 1 minute will be disqualified.

30) Officials will shut down at once any car which is deemed a safety risk. (Excessive smoking or throwing debris from spinning tires)

31) NO TEAMWORK OR SANDBAGGING WILL BE PERMITTED (! YOU WILL BE SHUT DOWN NO QUESTIONS ASKED!)

A) Teamwork: any drivers deliberately avoiding aggressive contact with one another or working together to hit and hold other competitors.

B) Sandbaggers: are drivers who hide in corners, tour around the arena, or continually avoid aggressive contact with other competitors.

32) Harassment of Demo officials or track crew will not be tolerated (! You will be asked to leave, with no refunds or prize money given!)

33) The only people allowed on the track at any time will be drivers, officials, and towing personnel. (No Smoking on the Track)

34) Heat winners must run the same car they qualified in the feature event. Car & Driver can enter multiple heats but can only qualify once. * Once the Driver and car qualifies for the feature event, they may not compete in another qualifying heat *

35) A 5 MPH speed limit must be maintained at all times in the pit area, parking lot, and driveways.

36) No passengers riding on or in demo cars at any time. This includes the pit area, parking lot and driveway.

37) All vehicles will be subject to re-inspection at any time during the event, without any explanation necessary!

38) Baps Motor Speedway reserves the right to accept or decline any competitors or crewmembers for failing to comply with the event rules or exhibiting unsportsmanlike conduct

of any kind that has a direct effect on event operations. (!! THE DECISIONS MADE BY THE J & J OFFICIALS ARE FINAL!!)

4 CYLINDER ONLY, NO WELDED CARS, COMPACT CAR RULES

1) Any American or Import 2 wd. car, with a factory installed 4 cylinder engine (NO 6 cylinder RWD cars allowed)

2) Cars may have a maximum of 107" wheelbase. (measured from center to center of wheels)

3) Side to side bars may be used behind the front seat and in place of the dash on small cars. (Drivers door protection is mandatory)

4) We will allow stock tanks for compacts as long as they are mid mounted, plastic and located in front or above the rear axle.

FULL SIZE & MINI P/U TRUCK RULES

1) Any Full Sized 2wd. or 4wd. Pick-up or SUVs 3/4 ton or less. (4wd must remove front drive shafts, no el-camino's, rancho's or utility boxes) (FULL SIZE)

1A) Any Mini or Mid-size 2wd or 4wd pickup, SUV or van under 1/2 ton with a factory installed 4 or 6 cylinder engine (4wd must remove front driveshafts) (MINI)

- 2) Front and rear bumpers can be a min. height of 15" and a max. of 24" (Measured from the ground to the bottom of the bumper. There can only be a difference of 3" between the front & rear bumper height.) (All trucks must have rear bumpers, no car bumpers allowed on trucks)
- 3) Tailgates must be welded, chained, or removed. (THEY CAN BE LOWERED AND BUMPER REMOVED IF COVERING REAR FRAME RAIL ENDS)
- 4) No running boards, nerf rails or push bars.
- 5) Beds MUST be fastened to frame in 4 additional places by either chain or bolts. Also, beds MUST be chained, bolted, or welded to the cab in 4 additional spots (Bolt size max. of ½" - Plate size max. of 4"x 4" x ¼" steel. Chain size max. of 3/8") !!BED SIDES MUST REMAIN VERTICAL NO FOLDING THEM OVER!!
- 6) Gas tank must be located in the bed of the truck. It must be centered in the front on the bed directly behind the cab. The tank must be secured with metal straps or chains. It MUST be covered with a metal cover.
- 7) The rear window MUST be covered with medium to heavy duty wire mesh.
- 8) A side-to-side bar may be used in place of the dash and behind the seat on pickup trucks! (Driver's door protection is mandatory and cage highly recommended)
- 9) Trailer hitches must be removed.

KIDS POWER WHEELS RULES

- 1) Any regular electric power wheel vehicle is allowed. They must be the ride in type not ride on. Child's legs must be in an enclosed compartment. Limited to 6- or 12-volt models only (No four wheelers or tractors)
- 2) Kids 4-10 years old may participate.
- 3) Helmets must be worn. A bicycle helmet is ok.
- 4) Seatbelts are mandatory (no exceptions)
- 5) No passengers allowed.
- 6) All motors must remain stock however you may change batteries to either a 12v lawn mower or motorcycle battery and they must remain outside the drivers' compartment and be covered and properly secured for safety.
- 7) All doors and tailgates must be strapped shut. Use duct tape, wire ties or other flexible materials to make sure they stay shut. If they come open during the event your child will be shut down.
- 8) Stock tires only. Tires may be wrapped with thin rubber & duct tape for traction and to keep them from splitting.
- 9) Decorative changes may be made to make them look like real derby cars. Must be made from kid friendly materials only. Remember they are decoration only not for reinforcing.
- 10) At all times remember this is all for the kids!!! Don't add or do something that is questionable unless you want to disappoint your child when they can't participate.
- 11) If a vehicle has more than one speed, low speed must be used.
- 12) All vehicles will be checked in at the pit gate and impounded until the kids take the track.
- 13) Everyone must pre-enter their child and sign release forms because everyone will receive something after the event.
- 14) Only one parent will be allowed on the track with their child during the event.
- 15) If your child gets out of their vehicle for any reason during the event they will be disqualified.
- 16) How it works is each child gets 3 balloons attached to their vehicle by BAPS MOTOR SPEEDWAY. Each event will be given a time limit and at the end of that time the one with the most UN popped balloons will be declared the winner. Once all 3 of your Child's balloons are popped your child is out of competition. SPECIAL NOTE: Any parent caught popping balloons on other vehicles will automatically have their child disqualified. In the event that 2 kids have the same amount of balloons at the end, it will be declared a tie.
- 17) WE WILL ALSO HAVE A LIMIT OF 20 VEHICLES FOR THE POWER WHEELS EVENTS
- 18) ENTRY FEES FOR THE KIDS POWER WHEELS WILL BE \$10 PER VEHICLE TO COVER COSTS OF PRIZES & SUPPLIES.

POWER WHEELS PRE-REGISTRATION FORM

LIMIT 20 ENTRIES PER AGE GROUP

_____ \$5- EARLY CAR REGISTRATION (EARLY DEADLINE ENDS MAY 31) INCLUDES KIDS PIT PASS

_____ \$10- CAR REGISTRATION (AFTER MAY 31) INCLUDES KIDS PIT PASS

THERE IS A PIT PASS FEE THE DAY OF \$20 AND OR PURCHASE A GENERAL ADMISSION TICKET FOR ADULTS.

PAYOUT AGES 3-5

- 1. \$50
- 2. \$25
- 3. \$15

AGES 6-8

- 1. \$75
- 2. \$50
- 3. \$25
